

Dreameria®

dream clouds

The Dreameria® Collection is an easy-to-grow collection of no-fuss garden plants bred in Australia for Aussie gardeners. Create impact and colour throughout the year. With masses of dreamy-white globeshaped flowers from winter to late spring sitting atop shapely evergreen mounds of foliage, 'Dream Clouds' is an outstanding garden and container performer. Bred for their hardiness and repeat flowering abilities throughout the year. Look out for the other Dreameria® varieties within the collection.

FEATURES

- Pure white globed flowers, with main flowering in spring
- Upright, short flower stems
- Tight mound of ornamental evergreen foliage
- Rounded flower heads
- Dry and frost tolerant once established

USES

- Low specimen ideal for borders and pathway edges
- Great in containers for decks and entertaining areas
- Perfect for cut flower gardens
- Rockeries and coastal gardens
- Mass plant for high impact colour

CARE

Low to medium water requirements once established. Tolerates dry spells but will appreciate a soak during extended dry periods. Remove spent flower heads to encourage further displays. Fertilise in late winter for optimum results.
