

RUNAWAY BRIDE™

hydrangea

Runaway Bride™ Hydrangea 'USHYD0405' has quickly become loved worldwide and awarded multiple awards for its unique growth habit and abundant floral displays that form in a garland-like fashion. Beautiful white flowers bloom for upwards of five months providing long-term colour from late spring through to early autumn. Enjoy more flowers with no pruning! Runaway Bride™ Hydrangea 'USHYD0405' doesn't require trimming as the flowers form all along the stems. With a naturally compact, rounded habit this is the perfect filler, thriller and spiller plant!

FEATURES

- Garland of white flowers, perfect for floral arrangements
- Dark green leaves with autumn foliage; leaves turn red before dormancy
- Long flowering; 4 - 5 months; with good repeat flowering
- Tolerates severe cold temperatures, frost hardy
- Fast-growing perennial
- Great garden performance

USES

- Semi-formal to informal hedging
- Beautiful filler plant for established garden beds
- Perfect for high-impact container displays
- Landscape planting schemes
- Unique garden feature; topiary, large baskets/urns or espallier

CARE

Flowers form on the previous year's shoots. For a garland effect, allow basal shoots to grow and flower in the second year. Avoid pruning plants unless to keep to a desired shape. Best grown in moist to well-draining soils; clay-loam. Low water requirements once established. Fertilise regularly throughout the active growing season with an all-purpose fertiliser.
*Protect from hot westerly aspects in hotter climates

CAUTION Harmful if eaten/skin & eye irritant
