

Allium

MILLENNIUM

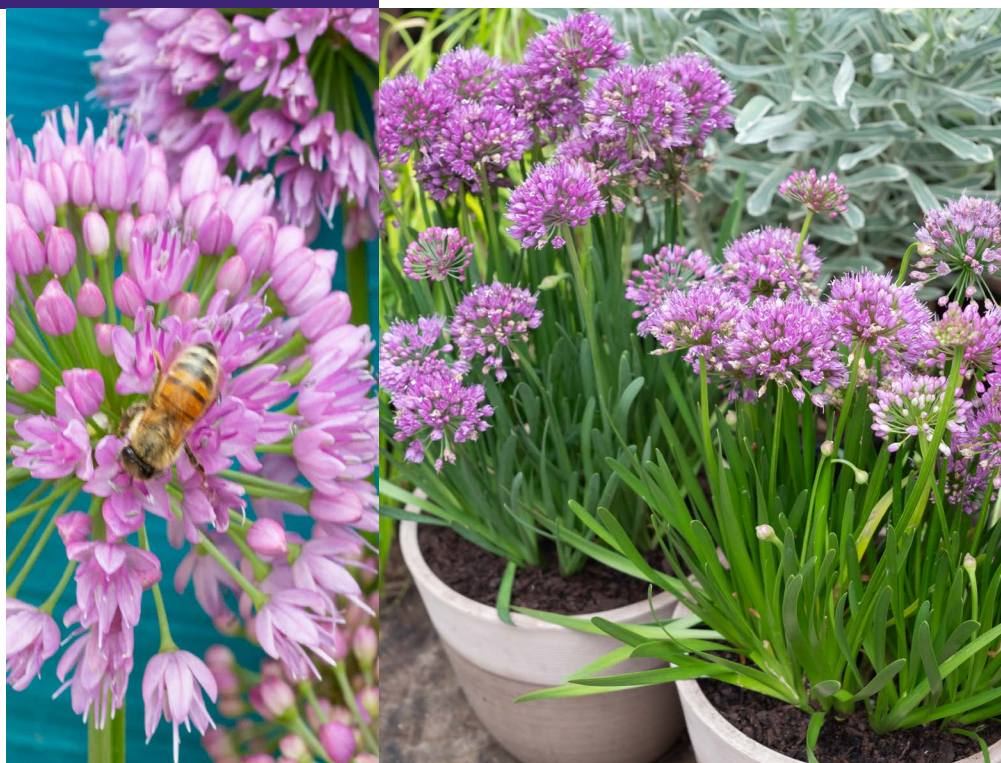

FEATURES

Bright pink, globe shaped flowers from spring into summer

Foliage forms dense mound of attractive strappy green foliage.

Compact and low growing - ideal for small spaces and containers.

Hardy and fast growing.

MY GARDEN SOLUTIONS®

FOR

Water wise and low maintenance gardens.

Perfect for patio containers or dotted through a mixed garden bed.

Compact for small or narrow spaces.

Great effects when planted in small groups.

Highly attractive to pollinators.

Perfect for cottage or wild flower style gardens.

CARE

Water when dry for first 6 weeks after planting and in dry weather.

No pruning generally required - older foliage and flower stems can be removed to tidy if desired.

Apply a slow release fertiliser during spring.

May become deciduous in colder regions with fresh foliage re-appearing in spring.
