

Anemone x hybrida

PAMINA

50cm

40cm

FULL SUN

PART SHADE

FEATURES

Double, musk-pink flowers.

Compact habit ideal for small gardens or spaces.

Excellent for adding interest to low light situations and dappled shade.

Easy to grow with minimal maintenance.

MY GARDEN SOLUTIONS®

FOR

Adding interest to low light areas, part or dappled shade conditions.

Cottage or wildflower style gardens.

Difficult sites such as under trees or roofing.

Perfect for patio containers or dotted through a mixed garden bed.

Great effects when mass planted and filling small or narrow spaces.

CARE

Water when dry for first 6 weeks after planting and regularly in dry weather.

No pruning generally required. Old foliage and flower stems can be removed to tidy if required.

Apply a slow release fertiliser during spring.

May become deciduous in colder regions with fresh foliage re-appearing in spring.
