

Armeria

RUBY PETITE

FEATURES

Mass of deep pink flowers in spring.

Low mounding grass-like foliage with deep burgundy tint.

Pollinator friendly plant.

Compact habit ideal for small gardens or spaces.

MY GARDEN SOLUTIONS®

FOR

Perfect for patio containers or dotted through front of a mixed garden bed.

Ideal for filling small or narrow spaces.

Attract pollinators to city or urban environments.

Use for softening edges of paths and paved areas.

CARE

Water when dry for first 6 weeks after planting and regularly in dry weather.

No pruning generally required. Removing spent flower stems will encourage more blooms.

Apply slow release fertiliser in spring.
