

Convolvulus MOON Series® NEW BLUE MOON

20cm to 80cm

BOTANICAL NAME:

Convolvulus sabatius
'New Blue Moon'®

FEATURES

Long flowering - from late spring to early autumn.

Very dense and compact form with a trailing habit.

Hardy and low maintenance.

Bred in Australia for Australian conditions.

MY GARDEN SOLUTIONS®

FOR

Long flowering for colour in sunny locations.

Ideal for small spaces, patio containers and hanging baskets.

Cascading habit for spilling over walls, rockeries and steep sites.

Ideal for cottage and wildflower style landscapes as well as general mixed garden plantings.

Mass plant for low maintenance areas.

Suitable for coastal regions.

Popular plant for pollinators.

CARE

Dry tolerant - Water when dry for first 6 weeks after planting and in dry weather.

Avoid sitting in wet conditions for long time.

No pruning generally required.

Apply slow release fertiliser in spring.
