

Bring a splash of joy to the garden with Frostkiss® Hellebore 'Anna's Red'. This vigorous grower has a neat and tidy habit and long-lasting blooms! Featuring radiant magenta flowers from winter to early spring, they are a delightful contrast against the deep green leaves accented by silvery veins. 'Anna's Red' is easy to grow and a compact form, making it a stunning option for container gardens to mixed plantings.

Features

- Cheery upright blooms in deep magenta
- Vigorous grower with a tidy habit

Uses

- Enjoy indoors for up to three weeks* before planting in your garden
- Radiant colour for shady zones
- Brighten up your garden in the cooler months
- Perfect for rockeries, or under-story plantings to larger perennial shrubs or trees.
- Beautiful container displays

Care

Water requirements are medium once established. Plant in any soil that is well draining. Tidy after flowering by removing old flower heads. If growing in containers or full sun, care should be taken not to allow to dry out completely. For best results, feed in late autumn and spring with a slow release fertiliser before and after flowering.

CAUTION: Harmful if eaten/skin irritant

*Performance indoors will vary due to conditions within each environment.

ORIGIN: Netherlands // **SPECIES:** Helleborus hybrid
