

Frostkiss® Hellebore 'Sophie's Delight' will add bright colour to any space with its large upward-facing blooms. The delightful flowers appear in winter and continue into early spring. The flower face is a lovely white colour with the petal backs showcasing shades of deep-mulberry and white. 'Sophie's Delight' is the perfect addition for adding vibrant, lasting colour to containers, borders, or garden beds. This easy-to-care-for Hellebore features a compact habit and is a standout performer that will bring endless charm to any space.

Features

- Beautiful white and mulberry flowers from winter to spring
- Flowers with a unique dome shape
- Vigorous evergreen perennial with a tidy growth habit

Uses

- Enjoy indoors for up to three weeks* before planting in your garden
- Colour to brighten up shady nooks
- Plant under established tree canopies
- Perfect for container gardens
- Great selection for large and small garden beds

Care

Plant in any soil that is well draining. Tidy after flowering by removing old flower heads. If growing in containers or full sun, care should be taken not to allow to dry out completely. For best results, feed in late autumn and spring with a slow release fertiliser before and after flowering.

CAUTION: Harmful if eaten/skin irritant

*Performance indoors will vary due to conditions within each environment.
