

For a cheerful garden edition, try planting Frostkiss® Hellebore Tutu White. This stunning evergreen perennial features semi-doubled white blooms with ruffled centres with pink spotting with a green blush. Flowering in winter through to early spring. Tutu White can add colour and texture to any space. With a perfectly compact, neat and tidy form, Tutu White is perfect for containers, mixed borders and large-scale plantings. This easy-to-care-for Hellebore features a compact habit and is a standout performer, bringing endless charm to any space.

## Features

- A new variety of highly unusual flower colour and formation
- Unique semi-double white and speckled pink flowers with pleated centres
- Vigorous evergreen perennial with a tidy growth habit

## Uses

- Enjoy indoors for up to three weeks\* before planting in your garden
- Eye catching colour for winter borders
- Beautiful container displays
- Bright and cheerful for shady nooks
- Under-story plantings – under larger trees and shrubs
- Perfect for mixed perennial beds and landscapes

## Care

Plant in any soil that is well draining. Tidy after flowering by removing old flower heads. If growing in containers or full sun, care should be taken not to allow to dry out completely. For best results, feed in late autumn and spring with a slow release fertiliser before and after flowering.

CAUTION: Harmful if eaten/skin irritant

\*Performance indoors will vary due to conditions within each environment.
