

LAVANDULA

Spellbound[®] FAIRY WINGS

ENCHANTING COLOUR

Everyone will adore Lavandula 'Fairy Wings Spellbound' - bred to be compact, fragrant and free-flowering, 'Fairy Wings Spellbound' will bring a little magic to every garden. With striking blooms set above their scented foliage, it's an ideal choice for small containers, courtyards or pathways and planted either en masse or individually. Easily cared for and dry tolerant, it would be difficult to find a richer purple lavender to suit any garden.

FEATURES

- From the breeders of 'The Princess Lavender' InnovaBred
- Smaller inflorescence bodies with long ribbon-like bracts
- Excellent cold tolerance in Australian trials

USES

- Ideal for paths, entrance ways and entertainment areas where the aroma can be appreciated as well as the flower colour
- Low hedging
- Sensory gardens
- Container planting

CARE

Plant in a sunny location in well draining soil. A light prune after the main flowering flush will encourage a bushy habit. A boost of slow release fertiliser in late summer/early autumn will optimise performance.
