

Allium 'Luna' ϕ

 Height: 30cm
 Spread: 20cm

FULL SUN

CONTAINERS

MIXED BORDERS

EDGING

POLLINATOR PLANT

FEATURES:

- Unique blue/green foliage
- A prolific display of rose pink, globe-shaped, flowers from spring to summer.
- Great pollinator plant.
- Neat, mounding habit of strappy green foliage.
- Water wise and easy to grow.

SUGGESTED USES:

- Ideal for mixed shrub or floral borders.
- Can be grown in containers for paved areas, courtyards, decks etc.
- Eye-catching displays can be achieved by planting in drifts - i.e. groups of 3-5.
- Ideal for small or narrow spaces and low edging.
- Plant in and around edible gardens to attract pollinators.

CULTURAL CARE

Easy to grow in most soil types which are well draining. No pruning is generally required although older foliage can be removed once new growth appears in spring to tidy appearance. Foliage may disappear over winter in colder regions with new, fresh foliage appearing in spring. Apply a slow release fertiliser during spring for optimum results.
