

Clianthus CRAZY COOL RED

Clianthus puniceus 'IB107-2'

This plant is a registrable plant variety under section 43(6) of the Plant Breeders Rights Act 1994.

 Height: 2m
 Spread: 2m

FULL SUN

MIXED BORDERS

CONTAINERS

COASTAL

POLLINATOR PLANT

WATER WISE

FEATURES:

- Exotic display of unusual, hanging clusters of large, bright red flowers from late spring to summer.
- A mid-sized, evergreen shrub with attractive pinnate foliage and a spreading, arching habit.
- Easy to grow and water wise once established.
- Pollinator friendly plant.

SUGGESTED USES:

- Fast results for new gardens.
- Ideal for mixed borders or large tubs.
- Suitable for city gardens and coastal zones.

CULTURAL CARE

Easy to grow in most soil types which are well draining. Low water requirements once established but should not be allowed to dry out during extended periods of heat.

Prune by around a third of overall size in late autumn to maintain a bushy habit. Apply slow release fertiliser during early spring for optimum results. Mulch well over warmer months to help retain moisture. Protect from severe frost.
