

## *Cuphea hyssopifolia* 'Mexican Mauve'

This plant is a registrable plant variety under section 43(6) of the Plant Breeders Rights Act 1994

### FEATURES:

- Compact evergreen shrub with dense, emerald coloured foliage.
- A lengthy display of dainty mauve flowers throughout much of the year.
- Hardy and low maintenance for gardens and containers.

### SUGGESTED USES:

- Responds well to clipping for low hedging or topiary specimen.
- Fast growing for a wide range of positions.
- Edging for garden beds, paths or paved areas.
- Suitable for rockeries, containers and small spaces.

### CULTURAL CARE

Suited to most soil types which are well draining. Water requirements are low once established. Lightly trim after main flowering to encourage neat, dense habit. Apply a slow release fertiliser during early spring for best results.
