

# PERFECT POLLINATOR®

Correa PERFECT POLLINATOR® Red  
Correa IB705-6

*This plant is a registrable plant variety under section 43(6) of the Plant Breeders Rights Act 1994.*

 Height: 60cm  
Spread: 1m

## FEATURES:

- Large, bright red coloured flowers from autumn through the cooler months.
- Compact native shrub with a neat habit.
- Attracts many types of pollinators.

## SUGGESTED USES:

- Mass plant low maintenance areas.
- Native or bush style gardens.
- Winter colour - grow in containers too.
- Attracting birds.
- Rockeries or embankments.
- Coastal regions.

## CULTURAL CARE

Grows well in most soil types which are well draining. Watering requirements are low once established requiring only occasional deep watering over extended periods of heat. Clip back after flowering to maintain neat shape. Feed in spring with a slow release fertiliser.
