

Crassula pellucida variegata CALICO KITTEN

Spreading Ground Cover

FULL SUN

GROUND COVER

CONTAINERS

BASKETS

FOLIAGE PLANT

MIXED BORDERS

WATER WISE

FEATURES:

- Ornamental foliage with blended hues of rose, cream and mint green provides year round interest.
- Forms a cushion-like mound making a highly textural ground cover or trailer.
- Low maintenance and easy to grow.
- Dry tolerant once established.

SUGGESTED USES:

- Ground cover or spill over plant for walls and path edges.
- Rockeries, gravel or dry garden designs.
- Small gardens or spaces.
- Can be grown indoors give good natural lighting.
- Containers, baskets and general garden use.

CULTURAL CARE

Ensure soil is well draining and location is sunny. Once established, water sparingly. No other maintenance is generally required although if grown in containers an addition of a slow release fertiliser during spring would be beneficial.
