

*Centradenia floribunda* 'Cascade Pink'  
*Centradenia floribunda* 'Cascade Purple'

  Height: 40cm  
Spreading ground cover

## FEATURES:

- Forms a dense carpet of colourful foliage once established.
- Very fast and easy to grow.
- Abundant display of pink or purple flowers stud the foliage from late spring through to autumn.

## SUGGESTED USES:

- Great cover for difficult sites and will trail over embankments and over walls.
- Mass plant areas for weed suppression.
- Can be grown in containers or baskets.

## CULTURAL CARE

Performs best in moist, well draining soils.

No pruning is generally required.

Apply a slow release fertiliser during spring for best results.

Will tolerate hot, humid conditions.

Protect from frost and very strong afternoon sun.
