

Diascia hybrid 'Gardascia Candy Pink'
Diascia hybrid 'Gardascia Appleblossom'
Diascia hybrid 'Gardascia Raspberry'
Diascia hybrid 'Gardascia Strawberry'

These plants are all registrable plant varieties under section 43(6) of the Plant Breeders Rights Act 1994.

  Height: 40cm
 Spread: 80cm

FEATURES:

- Bred for superior performance in Australian garden conditions.
- A lengthy and very showy display of colourful blooms over most of the year with main flush during spring.
- Forms an attractive dense dome of foliage.
- Hardy, fast and easy to grow.
- Low maintenance once established.

SUGGESTED USES:

- Ideal for containers and small gardens.
- Will cascade over walls and down embankments.
- Wildflower, cottage or natural style gardens.
- Mass plant for large drifts of bright colour.
- Attracts butterflies and other pollinators.

CULTURAL CARE

Grows well in most soil types which are well draining. Dry and frost tolerant once root system is established. A light prune after main flowering flush will encourage faster rebloom and a compact habit.

Apply a slow release fertiliser during early spring and early autumn to improve overall vigour. Mulch well to help retain moisture during dry periods.

A range bred specifically for hardy and reliable performance in garden beds and borders.
