

Euphorbia amygdaloides 'Craigieburn'

Height: 60cm
Spread: 80cm

FULL SUN

PART SHADE

MIXED BORDERS

CONTAINERS

FOLIAGE PLANT

WATER WISE

COASTAL

FEATURES:

- Year round ornamental foliage of deep plum colour accented by red tips of new growth.
- Can tolerate very dry conditions.
- Easy and fast growing for quick results.
- Sprays of vibrant, lime green flowers are produced throughout the warmer months.

SUGGESTED USES:

- Adding permanent structure and colour to mixed borders.
- Small spaces or gardens as well as containers.
- Water wise, gravel or dry style gardens.
- Long season of interest for entertainment areas.

CULTURAL CARE

Grows well in most soils which are well draining. Once established water requirements are low but do not allow to dry out over extended periods of heat. Pruning generally not required other than to tidy. When pruning use gloves as sap can be irritating to skin and eyes. Apply a slow release fertiliser during spring for best results.
