

Echinacea SUNSEEKERS™ Tequila Sunrise
Echinacea 'Ipecssts'

 Height 60cm
 Spread 50cm

FEATURES:

- A compact, highly ornamental, perennial coneflower variety.
- Mass display of golden flowers heavily flushed with mixed tones of red, pink to orange central markings around a large, prominent, central cone.
- Long flowering - from summer through to autumn and are excellent used as cut flowers.
- Highly attractive to many pollinators.
- Neat habit forming a compact rosette of foliage.
- Easy to grow, dry tolerant and low maintenance.

SUGGESTED USES:

- Containers and general garden use.
- Accent feature in mixed borders and gravel style gardens.
- Teams well with other water wise perennials such as salvias, sedums and ornamental grasses.

CULTURAL CARE

Grows well in most soil types which are well draining. Once established water requirements are low. Remove spent flowers and older foliage during winter to tidy for emerging, fresh foliage in spring. Apply a slow release fertiliser during early spring.
