

Hydrangea

'SUNDAE FRAISE'

BEAUTIFUL BLOOMS

Is it possible to grow a simply gorgeous hydrangea in full sun? With Hydrangea 'Sundae Fraise', it now is. Beautifully compact in form and literally covered in large flowers that begin green, turning to pure white and then to varied shades of pink. 'Sundae Fraise' is a true show-stopper, stunning for many months of the year, it is easily cultivated and fast-growing, making it the ideal choice for smaller gardens.

FEATURES

- Sun hardy and easy to grow
- Abundance of flowers throughout summer and autumn
- Flowers begin green and white and mature through to a range of pinks.
- Exceptionally compact and fast growing

USES

- Small spaces
- Patios, balconies and shaded entertainment areas.
- Colour for part shade to full sun locations

CARE

Hydrangeas require a medium amount of water and prefer moist but well drained soil. Water at the base of the plant avoiding the flowers and leaves. Feed in early spring for optimum results. Remove spent flower heads after flowering finishes.

CAUTION: Harmful if eaten/skin & eye irritant
