

HELLEBORUS

'VIBEY VELVET'

Experience the sheer delight of winter's beauty with Hellebore 'Vibey Velvet'. This extraordinary plant captivates with its upright, large, cupped flowers that gracefully bloom from winter through early spring. The floriferous displays of magenta-red flowers held above the exquisite marbled foliage are truly a sight to behold. With its compact, rounded habit and strong floral presence, 'Vibey Velvet' will add a touch of grace and beauty to any garden, ensuring a captivating display throughout the seasons. Enjoy 'Vibey Velvet' indoors as a cut flower or as a pot plant for up to 3 weeks* before planting it out into the garden.

USES

- Container/pot displays
- Gorgeous colour for shady nooks
- Small gardens, patios, courtyards or balconies
- Understory plantings – under larger trees and shrubs
- Great border plant
- Perfect for mixed perennial beds and landscapes

CARE

Plant in any soil that is well draining. Tidy after flowering by removing old flower heads. If growing in containers or in full sun, care should be taken not to allow the plant to dry out completely. For best results, feed regularly in late autumn and spring with a slow-release fertiliser before and after flowering.

CAUTION: Harmful if eaten/skin irritant

*Performance indoors will vary due to conditions within each environment.
