

## Geranium 'Party Lights Pink'

This plant is a registrable plant variety under section 43(6) of the Plant Breeders Rights Act 1994.

### FEATURES:

- Mass display of soft pink coloured flowers throughout the warmer months.
- Add colour to low light areas.
- Easy and quick to grow.

### SUGGESTED USES:

- Dry or gravel gardens.
- Cottage or wild flower style gardens.
- Containers or baskets.
- Cover bare patches in borders.
- Ideal 'filler' between larger plants.
- Will cascade over walls and embankments.
- Small gardens or spaces.

### CULTURAL CARE

- Select a sunny to part shade location in most soil types that are well draining.
- Medium water requirements tolerating periods of dry but should be given occasional deep watering through extended periods of heat.
- A prune to tidy in winter would be beneficial.
- Apply slow release fertiliser during early spring.
