

## Hemizygia 'Pink Fizz' (IB807-1)

This plant is a registrable plant variety under section 43(6) of the Plant Breeders Rights Act 1994.

 Height 50cm  
 Spread 50cm

### FEATURES:

- Delightful small evergreen plant grown both for its foliage and flowers.
- Sprays of candy pink flowers appear above the foliage from autumn through to winter.
- Water wise plant with fleshy foliage.
- Pollinator friendly plant.

### SUGGESTED USES:

- Ideal for containers or garden use in sunny to part shade.
- Spectacular flower colour show for borders and path edges.
- Patio pots and garden highlights.

### CULTURAL CARE

Grows well in most soil types which are moist but well draining. Pruning is generally not required although a light overall trim after flowering will encourage a dense habit. Apply a slow release fertiliser during early spring for best results. Mulch well to help retain moisture during dry periods. Protect from frost and very strong afternoon sun.
