

Jovellana BABY BONNETS

Jovellana violacea IB204-1

This plant is a registrable plant variety under section 43(6) of the Plant Breeders Rights Act 1994.

Height: 60cm
Spread: 80cm

FULL SUN

PART SHADE

MIXED BORDERS

CONTAINERS

FROST TOLERANT

WATER WISE

FEATURES:

- An upright, mound forming shrub producing sprays of small bell-like flowers during summer.
- Semi-evergreen and tolerant of dry conditions and frost once established.
- Very hardy and water wise plant once established.
- Short flower spikes over lush green foliage.

SUGGESTED USES:

- Useful filler for mixed borders.
- Fast results for new gardens.
- Large containers or hanging baskets.
- Cottage or wild flower style gardens.

CULTURAL CARE

Low maintenance and easy to grow in most soil types which are moist and free draining. Watering requirements are low once established requiring only occasional deep watering over extended periods of heat.

Prune out older stems in spring to encourage a dense bushy habit.

Apply a slow release fertiliser during spring for optimum results.
