

Loropetalum chinense 'Blonde 'n' Gorgeous'[®]

Height: 1.5m
Spread: 2m

FEATURES:

- Olive green foliage year round highlighted by coppery coloured growth tips.
- Showy display of crisp white, tasseled flowers during spring and autumn.
- Maintains a naturally dense, domed habit.
- Hardy and water wise for most situations.
- Easy to grow with minimal maintenance.

SUGGESTED USES:

- Stunning feature specimen in landscapes providing both structure and colour year round.
- Long season of interest for entertainment areas.
- Informal hedging or mass planting larger areas.
- Contemporary or cottage style gardens.

CULTURAL CARE: Grows well in most soils which are well draining. Once established water requirements are low but do not allow to dry out over extended periods of heat. A light trim after flowering will help to maintain a neat, compact habit. Apply a slow release fertiliser after flowering for best results.
