Containers

Features:

- Extremely compact, ideal for container displays
- Beautiful rich purple-blue flowers throughout early to mid summer
- Lovely grey-green foliage
- Good branching with a stiff and sturdy habit

Suggested Uses:

- Decorative container displays and window boxes
- Small gardens, patios and courtyards
- Companion planting around the vegetable garden
- Bright low borders

Water Requirements:

Low once established.

Care:

Plant in a sunny location in a well drained soil. Prune after flowering. Feed with a slow release fertiliser in early spring for optimum results.
