

LAVANDULA

'VIOLET LACE'

EARLY FLOWERING

'Violet Lace' is part of the well-known 'Lavender Lace' Collection. Featuring a tight compact habit, with aromatic grey foliage with flowers borne on stems that sit proudly above the plant 'Violet Lace' forms a tight dome of bright violet creating an impressive display for any garden or landscape during early spring when little else is blooming.

FEATURES

- Early flowering fragrant lavenders
- Flowers in varying shades of purple from intense deep hues to mild lilac tones
- Neat compact habits and aromatic grey foliage
- Main flowering flush begins from autumn continuing throughout the winter months

USES

- Ideal for paths, entrance ways and entertainment areas where the winter colour can be appreciated
- Low hedging
- Waterwise gardens
- Containers

CARE

Low water requirements. Dry tolerant once established. Plant in a sunny location in well draining soil. Clip back to two thirds of it's size in late summer to maintain shape and vigour. After pruning and application of fertiliser and a light sprinkling of dolomite lime over soil would be beneficial.
