

Ophiopogon spicata 'Silver Dragon'

 Height 30cm
 Spread 30cm

FEATURES:

- Highly ornamental, silvery striped foliage all year round.
- Low clumping - ideal for edging or mass planting as ground cover.
- Very hardy, low maintenance and versatile, tolerating both sun and shade.
- Soft lilac coloured flowers in summer followed by white, ornamental berries.
- Very dry tolerant once established.

SUGGESTED USES:

- Ornamental container displays year round.
- Rockeries and small gardens.
- Mass plant as ground cover.
- Can be used as informal edging.
- Dramatic effect in general garden use.
- Highlight foliage by using mulch of pebbles or dark coloured gravel.

CULTURAL CARE

Prefers a shaded to part shade location in most soil types given good drainage. Low watering requirements but should be watered regularly during extended periods of heat. Frost tolerant. No pruning required. Apply slow release fertiliser in spring.
