

Piladelphus SWEET CLARE™
Philadelphus maculatus 'Sweet Clare'

Height: 1.5m
 Spread: 1.5m

FULL SUN

PART SHADE

FRAGRANT

MIXED BORDERS

COASTAL

CONTAINERS

POLLINATOR PLANT

FEATURES:

- Slender arching branches are adorned with pendulous, highly scented white flowers from early summer.
- Grows well in most soil types, including sandy for coastal regions.
- Easy to grow and fast to establish.

SUGGESTED USES:

- Ideal for small gardens, patios or courtyards.
- Grow in large containers near doors and entertainment areas to benefit from fragrance.
- Grow beneath open canopy or deciduous trees.
- Pair with dark coloured foliage plants to highlight elegant foliage.

CULTURAL CARE

Grows well in most soil types which are well draining. Average water requirements but should not be allowed to dry out during extended periods of heat. Prune after flowering in late summer. Deciduous shrub, losing leaves in autumn with fresh foliage re-appearing in spring. Feed with a slow release fertiliser in early spring.
