

Silene alpestris 'Starry Dreams'

Spreading ground cover

FULL SUN

PART SHADE

MIXED BORDERS

CONTAINER

POLLINATOR FRIENDLY

FEATURES:

- Long flowering season - short stems of dainty white, star shaped flowers from spring through to summer.
- Spring display of dainty white flower sprays.
- Pollinator friendly.
- Easy and fast to grow.

SUGGESTED USES:

- Containers or general garden use.
- Low edging plant for borders.
- Filling spaces around rockeries - will trail.
- Small or narrow spaces.

CULTURAL CARE

Grows best in most soil types which are well draining. No pruning is generally required. Apply a slow release fertiliser during late winter.
